

Please sign up for two articles (in different weeks)

		# pages	Week	Name	Name
Assessment of student problem solving processes	Docktor, Heller	4	2/12/2013	Ashley Freeman	Mike Curry
Cognition of an expert tackling an unfamiliar problem	Schuster	4	2/12/2013	Naura Fitzsimmons	Gretchen Mayr
Do students use and understand free body diagrams?	Etkina, Van	13	2/26/2013	Marcelle Books	Jen Moore
Facilitating strategies for solving work-energy problems	Nguyen, Rebello	4	2/26/2013	A. U. C. M.	Ken Martine
Learning physics by listening to listening to students	Otero	4	3/5/2013	D. Huddell	Colleen Fether
Scientific approaches to science education	Reif	7	3/5/2013	Q. Egan	Andrea Twardzicki
Student difficulties in transfer of problem solving	Raballo	4	3/12/2013	Dorrie Kelley	Sacey Vaughn
Twenty questions for PER	Redish	5	3/12/2013	Paula Duffy	Chelsed Smith
Accounting for variability in student responses to motion	Frank, Kamin,	11	3/19/2013	Laine Cahill	JP Cornio
Understanding and teaching important scientific thought processes	Reif (Millikan)	9	3/19/2013	D. Huddell	Ken Martine
Learning, retention and forgetting Newtons' 3 rd law	Sayre	10	3/23/2013	Sonia Miller	Gretchen Mayr
Using analogical problem solving - friction	Singh	4	3/23/2013	Sam Hays	chelsea Smith
Cognition in scientific and everyday domains: comparisons and learning implications	Reif, Larkin	23	3/23/2013	All	All
Why Undergraduates Leave the Sciences	Seymour	4	4/2/2013	Marcelle Books	Ken Martine
Wherefore a science of teaching	Hestenes	8	4/2/2013	Corinne Egan	Andrea Twardzicki
The Role of Work-energy bar charts	Zou	4	4/9/2013	Laine Cahill	JP Cornio
Beginnings of Energy in 3 rd graders reasoning	Radoff,	4	4/9/2013	Sonia Miller	Ken Martine
Criteria for creating and categorizing forms of energy	McKagan	4	4/23/2013	Sacey Vaughn	Jen Moore
Developing an energy assessment for elementary ed majors	Foster	4	4/23/2013	Michelle Bohrer	Dorrie Kelley
Effect of misconception on transfer in problem solving	Singh	4	4/30/2013	Sam Hays	Paula Duffy
Intuitive ontologies for energy in physics	Scherr	4	4/30/2013	Ashley Freeman	N Holland
Expert and novel use of multiple representations	Finkelstein	4	5/7/2013	Call	All
Cognitive research - what's in it for physics teachers	Mestre	11	5/14/2013	All	All
Thematic review of some studies investigating students' alternative conception of	Kurnaz	24		Naura Fitzsimmons	
Introduction to PER	Beichner	25			
Overview of PER and Problem solving	Maloney	33			
What we teach and what is learned: closing the gap	McDermott	8		A. U. C. M.	Holland
